	Matter in accordance with the resolution of the representation made to the Durbar by the deputation who waited on Govt
D & D III	9) The Honorary President has stated that in framing the Budget estimate of the City for figures a sum of Rs 60000 is taken as subvention from Govt on this behalf. There is however no warrant for the assumption that Govt would sanction this contribution for two years (1940-41 & 1941-42) and when the Budget estimate are received this sum will have to be deleted No provision has been proposed in the State Budget for 1942-43 for this item
	10) The President has, in the course of his letter, drawn attention to the Resolution of Govt in their letter No 8518 dated 25 July 1940 to the effect that the subvention of Rs 30000 for the Combined Fill the Canal of the 78" water supply main running from the Combined Jewell Filters to the Byrasandra Tanks as handed over to the City. It must be pointed out in this connection that this was stated in the course of a demi-official communication to the Mayor as an argument and does not commit Govt to any definite promise, in supersession of the orders dated 9 & 1933
D"	11) Having regard to the above facts, the request of the Mayor for a reconsideration of the orders of Govt on the subject is regretted

U O No 379/WAD I dated 1-12-42

15 Returned with compliments

The enclosed statement shows the particulars regarding the source from which the Water Supply charges of Rs 4,00,000 was met by the Bangalore City Municipality for the years 1940-41 and 1941-42, in terms of Government Order No L 1129-31 M1 260-32-13 dated 9-8-1933

20 As per para 5 of the above order, the Municipal Council should make good from the General Revenues of the Municipality, in case the receipts under items 1 to 7 fall short of the sum due to Government, it is also presupposed that items 6 & 7 are fixed contributions payable from Municipal funds, as long as other

EOY L/I SEPT 1942

NOTE—Contn Sheet

other items 1 to 5 are constant In case items 1 to 5 fall short, the Council has to make good to the extent the former is less. Then the subvention from Government will remain at Rs 30,000/- to make up Rs 4,00,000/-

2) In the case on hand, the items of receipts 1 to 3 have increased during the years 1940-41 and 1941-42 and therefore the Municipality had to supplement its resources and arrange to meet there from Rs 75,000/- (vide items 6 & 7) but which it has failed to do

2) As per the statement, it is also seen that the Municipality is not also required to meet from its general resources more than Rs 75,000/- a year, which was being incurred by it before the new water supply scheme came into effect and the sum total of the sources actually collected and proposed to be collected for the years 1940-41 and 1941-42 comes to Rs ~~4,74,414~~ 474714/- and Rs 441851 respectively, as against Rs 4,00,000 indicated in the Government Order of August 1933 on account of Water supply Hence no Government Contribution is payable for 1940-41 and 1941-42

SIR

I have the honour to state that your letter No 3490 dated 4-11-1941, intimating that the special concession shown during the year 1939-40 in paying the Government subvention of Rs 30,000/- towards the charges for Water Supply in the Bangalore City cannot be continued, etc, was considered by the Council at their meeting held on 27-1-1942 They have resolved that, in view of the financial stringency in this Municipality, the Government might be requested to reconsider their decision and that the Committee specially appointed by the Council for the purpose might interview the Dewan in this behalf I may add that the Dewan was pleased to interview the members of the Special Committee on 29-1-1942 and discuss the matter in detail with them A copy of the Council resolution is herewith submitted for favourable orders of the Government in the matter

I have the honour to be,

SECY LAW DEPT 17 JULY 1942 GOVT OF MYSORE

Adverting to the correspondence ending with the Commissioner's letter No A1-598-40 dated the 19th March 1942, regarding the continuance of the subvention of Rs 30,000/- per annum payable by Government to this Municipality towards water supply charges, I have the honour to state that the orders of Government have not been received in this matter As the Government are fully aware, the entire charges on account of water supply cannot be met out of Municipal funds The Municipal Council have been repeatedly requesting for the continuance of the said subvention by resolutions and also by representations through deputations to the Dewan and the Local Self Government Minister As intimated in the "Z" Law Secretary's D O Letter No 858 dated 23-7-1940, this subvention has to be continued till the control of the 18" water supply main, running from Combined Jewell Filter to the Binny Mills, is handed over to this Municipality The Budget estimates of this Municipality for the year 1942-43 have been framed, - taking on the receipt side, a sum of Rs 60,000/- as subvention

payable by Government for the years 1941-42 and 1942-43 at Rs 30,000/- per year I request that the Government may be kindly moved to pass favourable orders in the matter early

I have the honor to be,
Sir
Your most obedient servant,

K Hanumanthaiya

Hon President

ksm

L-7126 & 20/1/43
Ml 79-41-40

To

The Municipal Commissioner,
Bangalore City,
(Through the President)

Sir,

With reference to the correspondence ending with your letter No A1 598/40 dated 16-7-1942, I am directed to refer to G O No L 1129-31/M1 260-32-13 dated 9-8-1933 which defines the conditions relating to the payment of the subvention

The several sources from which the sum of Rs 4 lakhs payable to Government for the Water Supply has to be met are shown under Clause 1 of para 1 of the said Government Order According to clause 5 thereof, if the proceeds from the sources (i) to (viii) mentioned under (1) above, fall short of the sum due to Government, the balance has to be made good from the general revenues of the Municipality, and if, on the other hand, there be an increase in the proceeds, the subvention from Government would be reduced correspondingly

I ~~have~~ am enclosing a statement of audited figures in this behalf obtained from the Comptroller relating to the accounts for the years 1940-41 and 1941-42 It shows that the proceeds from sources ~~1 to 3~~ (i) to (iii) have increased during the years 1940-41 and 1941-42 Therefore the Municipality had to supplement its resources and arrange to meet therefrom Rs 75,000, a sum which the Municipal Council was actually spending before the new Water Supply Scheme came into effect If it had done so, the total proceeds under the several sources for the two years in question would have stood at Rs 4,74,714 for 1940-41 and

Rs 4,41,851 for 1941-42 and the collections would ~~thus~~ have fully covered the amount of Rs 4 lakhs payable to Government

The Municipal Council has not discharged its part of the obligation laid on it by the said Government Order and there is also a clear increase under the fresh sources Therefore no subvention is payable by Government

Again, Government have always held, on principle, that the arrangement of a contribution could at best be temporary, as a permanent subsidy from the general revenue of Government cannot at all be justified It was on this consideration that the period for the payment of the subvention was fixed at 5 years in clause 4 of para 1 of the Government Order in question Even during the year 1939-40, the subvention was given as a special case

The Municipal Council's request for the payment of subvention is not supported either by facts or by the intention of the Government as indicated in the Government Order of 1933 and cannot therefore be complied with

I have etc ,

Secretary to Government,
Law Department
